
My angel

Skrevet av cecvettu - 14/12/2008 20:22

You're my angel in disguise
that eaven see me in the night
you are my only love forever until the end,
and to you i'll all my love send.

In my heart you have a place,
if you disapeare will it just be an emty space.
so never disapeare and always be here with me,
then i can promise that i will always love you and see!
